osf.io/3p95f

Research focus

Interplay of genetic and social-environmental origins of individual differences in social, behavioural and psychological development across the lifespan

Current position

Since 2023 Full Professor, Department of Pedagogy and Educational Science, University of Groningen;
Chair of the Research Unit Youth Studies, University of Groningen

Academic degrees

- 2010 PhD, University of Sussex, Developmental Psychology (Pathways to adolescents' value acquisition: within- and between family analyses, with Prof. Alison Pike)
- 2006 Diplom (MSc equivalent) Free University Berlin, Pedagogy with Psychology and Sociology

Academic positions since PhD

- 2018 – 2023 Associate Professor, Department of Pedagogy and Educational Science, University of Groningen
- 2015 – 2017 Assistant Professor, Department of Pedagogy and Educational Science, University of Groningen
- 2011 – 2015 Postdoctoral Researcher and Lecturer, Department of Sociology, University of Groningen & Interdisciplinary Centre for Psychopathology and Emotional Regulation, UMCG
- 2009 – 2011 Postdoctoral Researcher, MRC Social, Genetic, and Developmental Psychiatry Centre King's College London

Appointments and fellowships

- 2022 Best Practice in Teaching Award of the Faculty of Behavioural and Social Sciences, together with Rozemarijn van der Ploeg
- 2020 – 2023 Board member, Centre of Expertise Social Sciences Health and Well-being
- 2019 – 2023 Fellow of the Aletta Jacobs School of Public Health
- 2018 – 2023 Member of the Young Academy Groningen (~8% of applicants are selected based on scientific excellence and academic citizenship), Chair of the board from 2021 – 2022
- 2015 – 2016 Fellow, College for Life Sciences, Institute of Advanced Study Berlin
- 2015 – 2016 Teaching Excellence Fellow, University of Groningen

Research funding

As Sole/Principal Investigator

- 2023 ERC Consolidator Grant *PAR2: A new science of parenthood*
- 2018 ERC Starting Grant *Ghosts from the past: Consequences of Adolescent Peer Experiences across contexts and generations*
- 2017 Dutch Research Council (NWO) *Father absence and consequences for reproductive behaviour and psychosocial development among Caribbean, Caribbean-Dutch and native Dutch youth*
- 2008-2015 Various early career travel award by the Society for Research on Child Development, European Association of Developmental Psychology, European Association for Research on Adolescence

As Co-Investigator

- 2023 National Health and Medical Research Council Australia *1 in 10 men: Informing prevention of and treatment for paternal mental health problems* (PI Jacqui Macdonald Deakin University Melbourne)
- 2023 German Research Foundation (DFG) Network *Personality and perinatal mental health* (PI Eva Asselmann HMU Potsdam)
- 2018 Dutch National Research Agenda (NWA) *Equal Opportunities for a diverse youth* (PI Ruben Fukkink, UvA Amsterdam)
- 2015 Dutch Research Council (NWO) *Tracking Young Adults: Wave 6 of the TRAILS study* (PI René Veenstra, University of Groningen)
- 2015 Dutch Research Council (NWO) *Social Network Analysis of Risk behaviour in Early adolescence – Genotyping of sample* (PI Jan Kornelis Dijkstra, University of Groningen)

Selected conference contributions and invited talks (1st author only, past 5 years)

- Benefits of genetic information in research on social development. Invited talk at the Sociogenomics meeting at THL Helsinki, Finland (2023)
- Benefits of Bullying? A Test of the Evolutionary Hypothesis in three Cohorts. European Conference on Developmental Psychology. Turku, Finland (2023)
- Gene-environment interplay in externalizing behaviour from childhood through adulthood. European Conference on Developmental Psychology. Turku, Finland (2023)
- Peer victimization in early adolescence and adult maladjustment. European Conference on Developmental Psychology. Turku, Finland (2023)
- Gene-environment interplay and individual differences in social and behavioural development. Keynote at the Summer Institute of the Joint Institute for Individualisation in a Changing Environment, Münster, Germany (September 2022)
- Genetics of parenting. Invited talk, Department of Psychology, Tilburg University, Tilburg, Netherlands (September 2022)
- Integrating genetic information into research on adolescent development. Invited talk, Center for Research in Economics and Statistics, Paris, France (June 2021)

Do the social sciences need genetics? Invited talk, Interdisciplinary Symposium, University of Groningen, Groningen, Netherlands (January, 2020)

Peer relationships in intergenerational, life-span perspective. Invited talk, Swedish Institute for Social Research, Stockholm, Sweden (November 2019)

A life-span, cross-context perspective on peer relationships. Invited talk, Department of Psychology, University of Sussex, Falmer, UK (November 2019)

Practical applications of open science in peer relationship research. Invited workshop. Peer Pre-Conference, Biennial meeting of the Society for Research in Child Development, Baltimore, US (March 2019)

Studying outcomes of peer experiences beyond the individual. Keynote. Peer Researchers Netherlands Network meeting, Groningen, Netherlands. (February 2018)

Studying peer experiences across contexts and generations. Invited talk. Research Group on Learning and Work, School of Business and Economics, Maastricht University, Maastricht, Netherlands (September 2018).

Are child and adolescent peer experiences linked to adult social functioning? A multiverse analyses using three longitudinal cohorts. European Association of Research on Adolescence, Ghent, Belgium (September 2018)

Public engagement and contributions to the public debate (selected activities)

Position in Die Zeit 51/2023 "KI kann wissenschaftliches Schreiben nicht ersetzen"
